

ABOUT COLLEGE

Thiagarajar College of Engineering (TCE), Madurai affiliated with Anna University is one among the several educational and philanthropic institutions founded by the Philanthropist and Industrialist, Late. Shri. Karumuttu Thiagarajan Chettiar. It was established in the year 1957 and granted Autonomy in the year 1987. TCE is funded by Central, State Governments and the Management. TCE offers eight UG Programmes, fourteen PG Programmes and Doctoral Programmes in Engineering, Sciences and Architecture. TCE has recently been accredited with an 'A++' grade by NAAC.

ABOUT THE DEPARTMENT

Department of Electronics and Communication Engineering offers a UG programme in Electronics and Communication Engineering and a PG programme on Communication Systems. The department was started in the year 1978. Both UG and PG programmes are accredited by National Board of Accreditation (NBA). The department has been awarded for the Best Industry-Linked Electronics and Communication Engineering Institute by AICTE-CII in 2014. The department has successfully conducted many Faculty Development Programme and student workshops sponsored by AICTE, DRDO and Core Industries.

ABOUT CEEPT

The Centre of Excellence in Electronic Product Testing (CEEPT) is dedicated to serve as a hub for testing of electronic hardware products across a board frequency range, catering to wireless and defence industries. CEEPT has a well-established laboratories providing testing facility for Electronic PCB products, RF Products and antennas as detailed below.

- Mixed Signal board validation
- Embedded board testing
- Communication test bench validation
- RF component testing
- Anechoic chamber for Antenna testing facility
- EMC testing with a pre-compliance chamber
- Image processing based PCB inspection
- Product reliability testing

CEEPT OFFERS

- Workshop and upskilling programmes to government, private R&D organizations and educational institutes at the national and International levels, Industry people in the fields of advanced test engineering
- Basic, Intermediate and Advance training in Electronic Hardware Testing
- Support to start-ups, MSME and incubatees in product testing and upskilling
- Certified Short term and Inplant training for internal and external students to upgrade their skill sets in RF product and Antenna testing

DETAILS OF REGISTRATION

Target Audience: Engineering students and faculty

Date : Short term- Flexible for group registration (mini 20) from same college

Inplant - During vacation period

Duration & Cost: Short term: Rs.300/student/day

Inplant Training: Rs.2,000/student/week

Faculty: Rs.2000/faculty/day

Industry: Rs.5000/person/day
