**4. Projects guided by the Visiting Professor**

a. Title(s) of the project(s)

b. Relevance of the project to the industry

c. How were the ideas of the projects/ thesis problem(s) conceived?

- In this visit, Professor reviewed the final year student projects and gave suggestions for improvement for the Image Processing SIG projects. He highlighted that a few projects are patentable.

- In this session he reviewed an industry supported project, "Vision based V-Belt inspection" (given by a belt manufacturing company). Real time implementation issues have been discussed with the project students.

**5. Curriculum**

Has the Visiting Professor participated in

- In this visit, Sir has taken Project management subject from an industry

course development/ curriculum formulation? If so, please describe

point of view that was very much useful for the subject handling faculty and students to match the curriculum to industry expectations. He gave feedback that students interacted well.

- Sir had also taken a session on data structures for 3<sup>rd</sup> year students which was very helpful for them to prepare for placements.

6. Give a brief report on the impact of the Scheme and any other suggestions?

- Our Distinguished Visiting Professor (DVP) is a registered Indian patent agent (IN/PA 3041), WIPO qualified in Patent search and patent drafting. During every visit, he handles a session on Intellectual Property Rights. It is very much useful to impart the knowledge of our professor amongst students and faculty.
