General Remarks (if any)

13 responses

None

Na

brief explanation can be given

Could give study material earlier for cat preparataion

Overall Good!!

It is fine in its way

The assignment topics given in msd is good, I have gained confidence to create a Mechatronics system

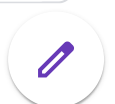

-

Assignment projects are too complicated. I request to give us the simple projects for assignment.

General Remarks (if any)

13 responses

None

Na

better communication

AARI software is not properly installed in lab systems

Good!!

It is fine in its way

Good

-

Unable to complete a single task using computers in modelling and simulation lab. Network is very very slow.

Na

communication should be improved

Could give study material earlier

Good!!

It is fine in its way

Good

-

Kindly use black board for solving problems and give us time to copy it in the notes.
Many topics are covered in a single class, which is difficult for us to understand.
