

THIAGARAJAR COLLEGE OF ENGINEERING, MADURAI
DEPARTMENT OF COMPUTER APPLICATIONS

**REPORT ON MCA EMPLOYER FEEDBACK
2022-23**

- Topics on Applied Statistics could be added to Mathematical Foundations of Computer Science course.
- Courses on Software Quality and Testing and Open Source Frameworks added in the curriculum.
- Identification of industry experts for courses to be offered as One and Two Credit Courses
- One Mini Project at the end of the Semester on every laboratory course.
- Consider a Unix lab with C or C++ in I Semester or II Semester
- More Credits required for practical / laboratory courses

Action Taken:

Incorporate the suggestions in Curriculum revamp 2022 regulation courses.
