

**THIAGARAJAR COLLEGE OF ENGINEERING
DEPARTMENT OF CIVIL ENGINEERING**

**Employer Feedback Analysis Report
Academic Year 2022-23**

- Employers have opined that Vision and Mission of the department reflect its potential for development. They have said that PEOS of B.E Civil Engineering are specific, realistic, addresses the dynamic technological trends and are attainable after 3 to 5 years of graduation.
- In the view point of the employer, PEOS facilitate the department to prepare undergraduate engineers with willingness for lifelong learning and practice ethics in their technical profession for a successful career.
- Inclusion of new practical courses like Digital Survey Laboratory, Project Planning Laboratory, Mechanics Laboratory and Analysis and Design Laboratory in the 2022 U.G syllabus was greatly appreciated by the employers.

Action Plan:

Faculty members are informed about the comments received from the employers and are advised to work towards realization of their expectations.
